5. (Unclassified - JSW) George Carver and Mr. Warner met with Senator Ernest F. Hollings for about an hour and a half. Mr. Carver briefed him in considerable detail on the situation in Vietnam, responding to questions. The Senator seemed delighted with the information furnished. I also discussed S.1035 briefly with the Senator.

6. (Unclassified - JSW) Talked with Russ Blandford, House Armed Services Committee staff, about the initial meeting with John Reddan and other staff members of the Porter Hardy Special Subcommittee. Blandford indicated that the staff were neophytes as to the role of the Agency but that he, in fact, was supervising these hearings and, other than members, was conducting the staff questioning.

7. (Unclassified - GLC) Talked further with Mr. Bill Reising in the office of Representative Charles E. Goodell (R., N.Y.) regarding his request for information concerning the Vietnam revolutionary development program. After discussing the subject, Mr. Reising felt that it would be quite satisfactory for his purposes if we provide Agency information to him [REDACTED] <sup>H</sup>STATINTL added however, that in view of Mr. Goodell's interest in the program he might like to have a briefing at some later time from the man "who sits on top of this for the Agency". I told Mr. Reising that I would look into this further and be back in touch with him tomorrow.

8. (Unclassified - GLC) Was unsuccessful in attempts to reach Senator Thomas Dodd (D., Conn.) concerning his Congo question of yesterday. I will try to see him again tomorrow.
